1. Objective section

The objective of this document is to identify the complete set of class diagrams to be used to transform the business requirements shown in the BRS approved by the FMG on 18 Sept. 2006 into the target technology solutions expressed in this document.

2. Definition of terms section

All terms are defined in the accompanying BRS.

3. Target technology solution section

The target technology is XML schema..

4. Information payload to be implemented section

4.1 Conceptual data model section

4.1.1 Class diagram

The class diagram of the lodging house information used in the Lodging House Information Message is shown below in Figure 1.

Figure 1 Class diagram- Lodging House Information

. Lodging House Infomation

4.2 Canonical data model section

The Canonical data model section is the same as in the Conceptual data model section.
